

1,000 BOOKS BEFORE KINDERGARTEN

Log 1-100

It's easy to participate in the program!

This free program encourages you to read 1,000 books with your child before they enter school. Reading together helps develop pre-reading skills that provide a good foundation for school and learning success.

1. Register at the Guest Services Desk with your library card to receive your first reading log.
2. Color a star on the log for every book you read to your child or your child reads alone.
3. After completing each log of 100 books, bring your reading log to the library to collect a sticker.
4. When you reach 500 books your child will receive a prize.
5. When you reach 1,000 books, your child will receive a certificate and a paperback book to keep. Want to be featured on our social media? Take a photo of your child and tag @ipplinfo with smiling with their certificate.
